Dear Dominick,

In response to your letter questioning our statement of organization, please note the following:

- 1) We are an independent committee and line 6 was left blank intentionally to indicate that we are connected to no other business or committee. However per your request, please find the enclosed form that puts "none" in line 6 as requested.

Thank you for your concern and please call me with any questions or comments at 972/841-7173.

Thank you,

Clark B. Briner
